Lec 24: Dynamic Casting, Partial/mixed Assignment
Problem/Bug 1 revisited

Outer class ⓑ ⇒ my Book
Bug 5 {
    Text *p = dynamic_cast<Text*>(this);
    if (p && p->title == "Harry Potter" && p->author == "Rowling")
        Book::operator=(*this);
    else if (p && p->title == "Harry Potter")
        throw Bad_cast{};
    else if (p && p->author == "Rowling")
        throw Bad_cast{};
    else if (p && p->title == "Harry Potter" && p->author == "Rowling")
        throw Bad_cast{};
